

I SCREAM, YOU SCREAM

We all scream for homemade ice cream! Did you know you can make your favorite summer treat in a bag? Let's prep our ingredients.

Ingredients

- 1 cup half & half cream
- 2 tbsp. sugar
- 1/2 tsp. vanilla extract
- Your favorite ice cream toppings!

What you'll need

- 1 large resealable bag
- 1 small resealable bag
- 3 cups ice cubes
- 1/3 cup kosher or rock salt

Let's get making and shaking!

1. Mix all of your ingredients — except your toppings — in the small resealable bag. Push out the air and seal it up.
2. In your large resealable bag, put your ice and salt, then place your small bag inside, and seal the large bag up.
3. Put on your favorite playlist and shake it up for 7-10 minutes, until you've gotten the desired ice cream consistency.
4. Top with chocolate chips, sprinkles, fruit or other favorite toppings, and enjoy!
