

ONLY IN THEATERS

LET'S MAKE GLITTER PLAY DOUGH!

What you'll need

- 1 cup flour
- ½ cup salt
- 2 tsp. cream of tartar
- 1 tbsp. oil (olive oil, coconut oil, or avocado oil)
- 1 cup warm water
- Food coloring
- Your fave glitter!

Instructions

1. Mix all of your dry ingredients together in a pot.
2. Then, add a few drops of your favorite color food coloring to the warm water.
3. Now, it's time to add the water and oil to your dry ingredients. Make sure you mix it up really well!
4. With the help of a grown-up, heat the mixture slowly over low to medium heat. This process takes a few minutes, and you'll need to stir it often. You'll know it's done when the mixture pulls away from the pot and clumps into a ball.
5. Here comes the fun part – glitter! Once the dough has cooled in the pot, knead it and add a little (or a lot) of your favorite glitter.
6. It's ready to shape and stretch!

Crafting 4 ever tip:

Store your play dough in an airtight container so you can keep playing with it for a long time. You can decorate your container with more glitter and stickers, too!
