

BUILD GABBY'S CAT GUITAR!

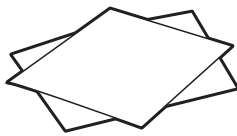

Gabby and friends love to sing and play. You can build a guitar just like hers with supplies from around the house. Let's get started!

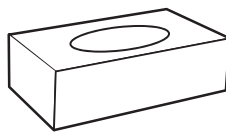

What you'll need

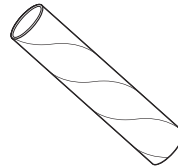

Glue stick

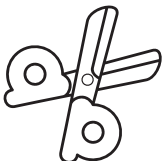

Construction or wrapping paper

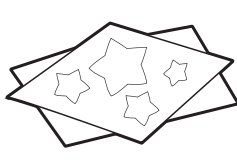

Empty tissue box

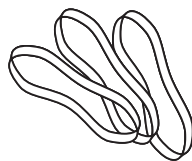

Paper towel roll

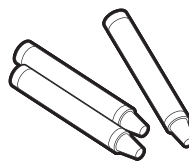

Scissors

Stickers or gems

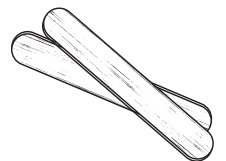

6 Elastic bands

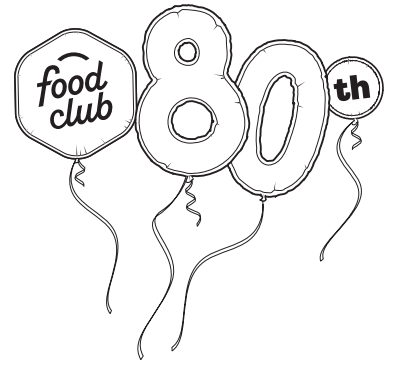

Coloring tools

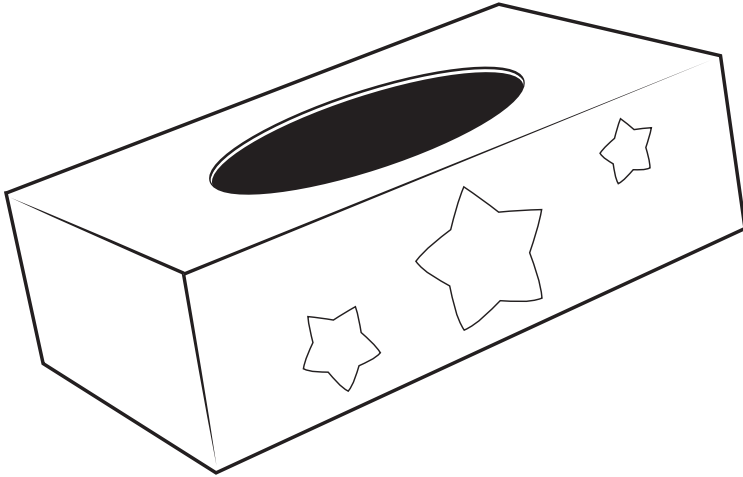

Tape

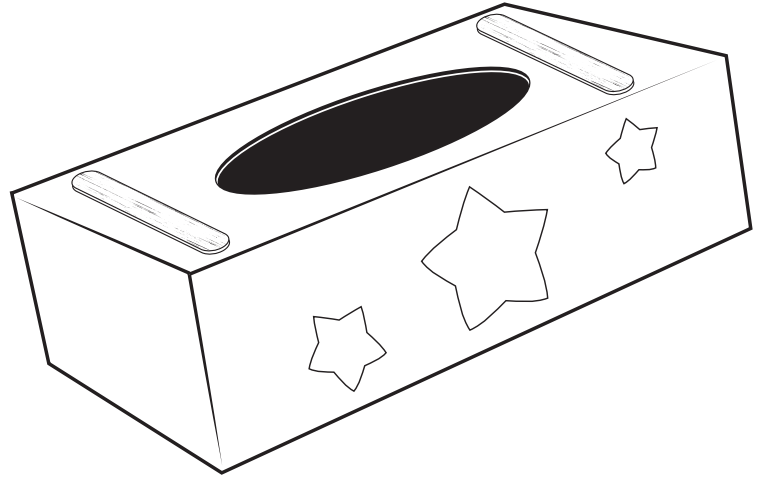

Craft sticks

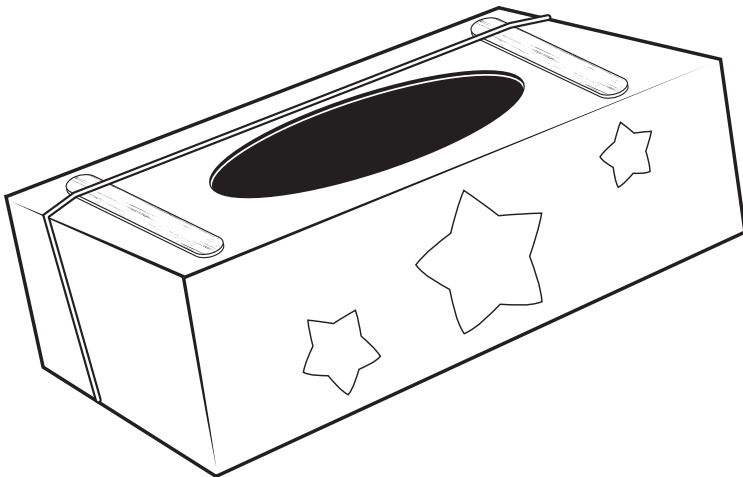

Instructions

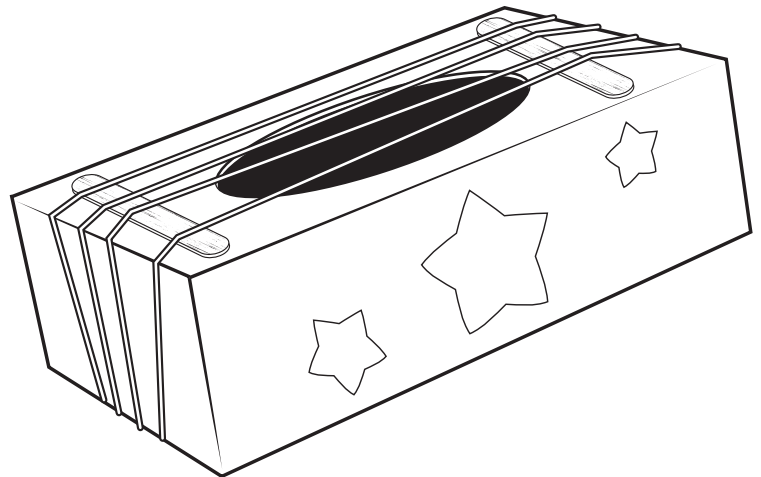

- 1 Take an empty tissue box and remove the plastic inside. Cover your tissue box in your favorite color wrapping paper, or with stickers and glitter gems. Make sure not to cover the hole in the middle!

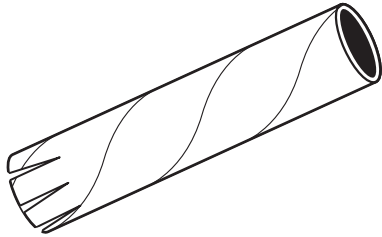

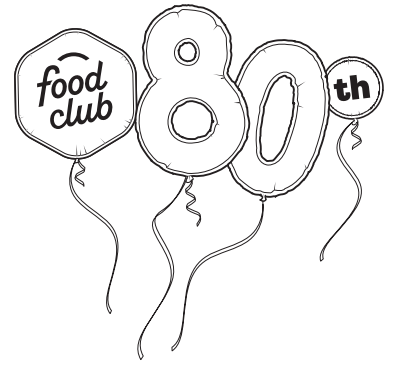

- 2 Glue a craft stick at the top and bottom of the hole to create the bridge of the guitar and let them dry.

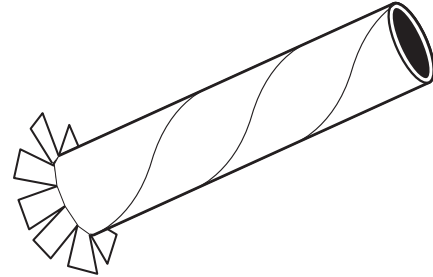

- 3 Once dried, place your elastic bands over the craft sticks on the tissue box.

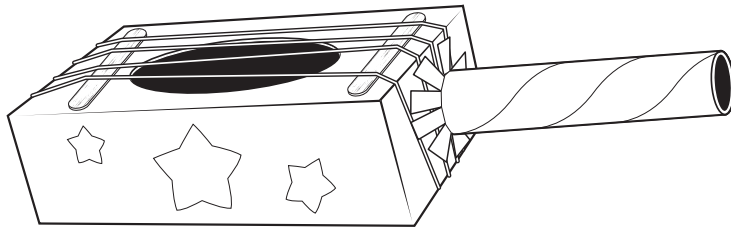

- 4 Once all your elastic bands are in place, the body of your guitar is done!

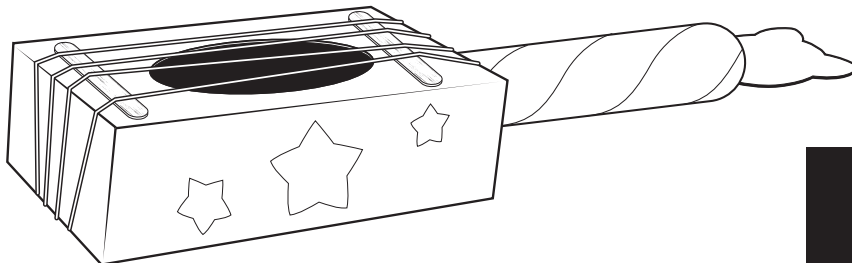

- 5 With the help of a grown-up, get your paper towel roll and make small $\frac{1}{2}$ inch cuts all around the bottom of your roll.

- 6 Gently fold the cuts on the bottom of your roll to make it easier to attach to the tissue box.

- 7 Glue or tape the bottom of the roll onto one end of the tissue box. This is the neck of your guitar!

- 8 Now, glue or tape your cat head cutout onto the top of the roll.

NOW, YOU'RE READY TO PLAY.

Sing and strum to your favorite Gabby's Dollhouse songs and get ready to watch DreamWorks Gabby's Dollhouse: The Movie, only in theaters!
