

COLOR YOUR CARDS

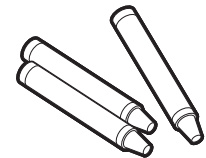

Think these are just regular coloring sheets? Think again! Make your own holiday cards to send to friends and family starring the DreamWorks all-star crew.

How-to:

1. Print these pages and color your favorite DreamWorks characters.
2. Then fold the page in half, making sure your characters are on the outside.
Tip: Line up the corners, then press down the middle to make sure your card is even on both sides!
3. Write a message on the inside of your card. You can even decorate the inside a bit more, too.
4. Gift it!
